

Abstract ID	Presentation Style	Data		Session	Abstract No	Title
1001	Poster	2/28	12:00-12:30	Innovations in Nursing Education	P1-17	The development and evaluation of a class program designed to improve the critical thinking capabilities of undergraduate nursing students
1002	Poster	2/29	11:00-11:30	Interprofessional Collaborations	P2-1	Examination of contents of manual for disease and life management of heart failure in elderly people with dementia in elderly people's facilities
1003	Poster	2/28	12:00-12:30	Innovations in Nursing Education	P1-19	Nursing students' competency to develop public policies using evaluation indices of the Ministry of Health, Labour and Welfare in Japan
1004	Poster	2/28	13:30-14:00	Safety Management / Quality Improvement	P1-282	Actual condition and prospect of elderly people by body surface inspection tool
1005	Poster	2/29	11:00-11:30	Diversity and Health	P2-191	Challenges to promote activities to understand genetic diversity in communities and school in the general public
1006	Poster	2/29	12:30-13:00	Health Promotion / Disease Prevention	P2-92	Effect of a Warm Hand Bath and Massage on Sleep and Relaxation in Elderly Women with Disturbance of Sleep: A Crossover Trial.
1007	Poster	2/28	12:00-12:30	Health Promotion / Disease Prevention	P1-139	Physiological and Subjective Evaluation of Passive Muscle Relaxation for Stress
1008	Poster	2/29	12:30-13:00	Interprofessional Collaborations	P2-2	Relationship between difficulties related to care management for elderly with dementia living in communities and interprofessional collaboration
1009	Poster	2/29	11:00-11:30	Health Promotion / Disease Prevention	P2-93	Relationship between the intake balance of energy-providing nutrients and visceral fat by cross-sectional analysis -Dietary patterns of older women in the general Japanese population-
1010	Poster	2/29	12:30-13:00	Others	P2-252	Contents of a narrative of a family member who took care of a terminally ill patient
1011	Poster	2/29	11:00-11:30	Innovations in Practice	P2-59	The value classification on the contents of psychological preparation that nurse performs to children undergoing a brain surgery
1012	Poster	2/28	13:30-14:00	Health Promotion / Disease Prevention	P1-140	The Parenting Processes led by Feelings of Mothers with Depressed Mood toward their Children
1013	Poster	2/29	11:00-11:30	Health Emergency / Disaster Nursing	P2-235	Patients' perception of sound levels while undergoing eye surgery under local anesthesia
1014	Poster	2/29	12:30-13:00	Innovations in Practice	P2-60	Factors Influencing Home-visit Nursing Support for End-stage Cancer Patients Receiving Home Care in Japan
1015	Poster	2/28	13:30-14:00	Research Methodology	P1-68	Validity and Reliability of Indonesian Public Health Nursing Competencies for Achievement of Indonesian Healthy Program Through Family Approach
1016	Poster	2/28	12:00-12:30	Interprofessional Collaborations	P1-1	Effects of a fall intervention program for older adults with dementia among care staff in geriatric facilities
1017	Poster	2/29	11:00-11:30	Interprofessional Collaborations	P2-3	Developing a contents system of common educational material for nursing teachers and nurses in charge of clinical safety education
1018	Poster	2/28	12:00-12:30	Health Promotion / Disease Prevention	P1-141	Literature Review, Critical Appraisal, and Study Synthesis on Prevention of Childhood Obesity
1019	Poster	2/28	13:30-14:00	Others	P1-310	Development of a Family Functioning Scale for Single-parent Families (FFSS) and Evaluation of its Reliability and Validity
1020	Poster	2/29	12:30-13:00	Innovations in Nursing Education	P2-8	Modification of a program teaching English for nursing to undergraduate students in Japan
1021	Poster	2/28	12:00-12:30	Research Methodology	P1-69	A survey on the awareness among nurses regarding cardiac rehabilitation
1022	Poster	2/28	12:00-12:30	Nursing Coordination / Health Management	P1-243	Evaluation of Advanced Case Management for the High Medical Dependent: A preliminary result
1023	Poster	2/29	11:00-11:30	Others	P2-253	Contamination of infection-protective clothing surfaces of nurses during patient repositioning
1025	Poster	2/29	12:30-13:00	Health Emergency / Disaster Nursing	P2-236	The Relationship Between Bioterrorism Training Participation of Public Health Nurses and Their Attributes, Knowledge, and Recognition of Preparedness in Japan
1026	Poster	2/28	12:00-12:30	Safety Management / Quality Improvement	P1-283	Research on the Difference of Incident Factors According to Nurse's Years of Experience
1027	Poster	2/28	13:30-14:00	Innovations in Nursing Education	P1-18	Creation of a Sheet for Self-Recording of Nursing Technology Attainment Level Using a WEB Entry System
1028	Poster	2/29	11:00-11:30	Innovations in Practice	P2-61	Related factors of the "Nursing Protocol of Community Settlement for people with schizophrenia" in Japan
1029	Poster	2/28	12:00-12:30	Diversity and Health	P1-227	An International Comparison of Factors Related to Nurse Burnout and Turnover (Canada, Malaysia and Japan)
1030	Poster	2/29	12:30-13:00	Innovations in Practice	P2-62	Hand hygiene methods before putting on gloves in emergencies in a Neonatal Intensive Care Unit
1031	Poster	2/28	13:30-14:00	Nursing Coordination / Health Management	P1-244	The Recognition and evaluation of the Role of MCHVs in Japanese Maternal Child Health Administration
1032	Poster	2/28	13:30-14:00	Health Promotion / Disease Prevention	P1-142	A prediction model of community commitment and self-efficacy for preventing social isolation among community-dwelling older people, using machine-learning
1033	Poster	2/28	12:00-12:30	Others	P1-311	Development of transition conditions self-assessment rating scale of Japanese Mid-career nurses based on Meleis transitions Theory
1035	Poster	2/28	12:00-12:30	Health Promotion / Disease Prevention	P1-143	The characteristics of dementia-related nursing research in Japan: Title analysis through text mining
1036	Poster	2/28	12:00-12:30	Health Emergency / Disaster Nursing	P1-293	Roles of emergency nurses in trauma nursing in Japan
1037	Poster	2/28	13:30-14:00	Others	P1-312	A Survey on Nursing Aid for Children that Facilitates Psychological Recovery from Invasive Treatment in Pediatric and Mixed Wards
1038	Poster	2/29	12:30-13:00	Others	P2-254	The effect of soft massage therapy on comfort level after laparoscopic surgery of gastric intestinal (GI) cancer: Pre and post quasi-experimental design

Abstract ID	Presentation Style	Data		Session	Abstract No	Title
1039	Oral	2/29	13:00-14:15	Innovations in Practice 2	O-35	Factors of burden among family caregivers of older adults with diabetes
1040	Poster	2/29	11:00-11:30	Professional Issues	P2-167	Development of an education program based on reflection aimed at promoting psychiatric nurses' critical thinking disposition—Focusing on the determination of the physical symptoms of patients with schizophrenia—
1041	Poster	2/29	12:30-13:00	Theory Development	P2-248	Concept Analysis of Hope among Cancer Patients in Japan
1042	Poster	2/29	12:30-13:00	Health Promotion / Disease Prevention	P2-94	The Consumption of Energy Drinks Containing Caffeine among Junior High School Students in Japan: An Investigation into Related Factors
1043	Poster	2/29	11:00-11:30	Others	P2-255	Practices by Care Managers of Interdisciplinary home palliative care for lonely end-stage cancer patients in Japan
1044	Poster	2/29	11:00-11:30	Innovations in Practice	P2-63	Differences in Care for Behavioral and Psychological Symptoms of Dementia between Long-Term Care Health Facilities and Hospitals for Community-based Care in Japan and Factors Related to Care for Behavioral and Psychological Symptoms of Dementia at Hospitals for Community-based Care
1045	Poster	2/28	13:30-14:00	Health Promotion / Disease Prevention	P1-144	Expressive Behaviors Demonstrating "Well Done" in Young Children who underwent Vaccination as Perceived by Parents
1046	Poster	2/28	12:00-12:30	Others	P1-313	Difficulties That Nursing Ethics Educators Faced and Educational Challenges in Japanese Nursing Bachelor's Degree Programs
1047	Oral	2/29	11:50-12:50	Innovations in Practice 1	O-30	Ethical beliefs in nurses working in intensive care units
1048	Poster	2/28	13:30-14:00	Research Methodology	P1-70	Literature Review of the Father's Psychological Characteristics and Coping Behaviors in the Case of Children with Chronic Illnesses
1049	Poster	2/28	12:00-12:30	Health Promotion / Disease Prevention	P1-145	Association Between Salivary Brain-derived Neurotrophic factor (BDNF) and Skeletal Muscle Index (SMI) of Extremities and Psychosocial Status in Healthy Elderly People in the Local Community
1050	Poster	2/28	13:30-14:00	Health Promotion / Disease Prevention	P1-146	Evaluation of Preventative Care Support through Changes in the Body Muscle Mass and Changes in the Center of Gravity in Healthy Elderly People in the Local Community
1051	Poster	2/29	11:00-11:30	Innovations in Nursing Education	P2-9	Experience of providing care for babies/infants among nursing students
1052	Poster	2/28	12:00-12:30	Nursing Coordination / Health Management	P1-245	Nurses' Support for Patients with Inflammatory Bowel Disease in Their Treatment Decision-Making: A Qualitative Study
1053	Poster	2/28	12:00-12:30	Health Promotion / Disease Prevention	P1-147	Contribution of male and female health volunteer pairs towards improving husband's support for ethnic minority mothers in remote rural areas in Lao PDR
1054	Poster	2/29	12:30-13:00	Interprofessional Collaborations	P2-4	Psychosocial supports for AYA generations hospitalized at a pediatric unit in an acute hospital
1055	Poster	2/28	13:30-14:00	Nursing Coordination / Health Management	P1-246	Longitudinal Effects of Employment Status on Care Burden, Positive and Negative Affect, and Sleep Status among Family Caregivers at Home
1056	Poster	2/29	12:30-13:00	Innovations in Practice	P2-64	Survey on views of life and death learning programs for medical workers
1057	Poster	2/28	12:00-12:30	Research Methodology	P1-71	Juvenile Dementia Feelings about working for a young person with dementia and their families.
1058	Poster	2/29	11:00-11:30	Innovations in Practice	P2-65	Developing an Evaluation Index for the Adjustment Process for Playing the Father's Role for Preterm Infants with High Risk of Developing Cerebral Palsy
1059	Poster	2/29	12:30-13:00	Innovations in Nursing Education	P2-10	Learning Through Nursing Ethics Training by Practical Training Instructors
1060	Poster	2/29	11:00-11:30	Health Promotion / Disease Prevention	P2-95	Development of Community Orientation Scale among Community Health Nurses in Fiji
1062	Poster	2/28	12:00-12:30	Innovations in Practice	P1-99	Practical wisdom of oncology nurses who integrate cancer nursing and gerontological nursing
1063	Poster	2/28	13:30-14:00	Interprofessional Collaborations	P1-2	Physicians' experiences in interprofessional collaboration during the pregnancy, childbirth, and postnatal period in women of very advanced maternal age
1064	Poster	2/29	12:30-13:00	Others	P2-256	Development of a Web-based System for Recording Patient Reported Outcomes of Chemotherapy Side Effects
1065	Poster	2/29	11:00-11:30	Innovations in Nursing Education	P2-11	Thoughts on practical training guidance of instructors in charge of adult nursing clinical practicums
1066	Poster	2/29	12:30-13:00	Health Promotion / Disease Prevention	P2-96	A study of an experiential program to raise the motives of dementia supporters to support people with dementia in the community.
1067	Poster	2/29	11:00-11:30	Others	P2-257	Relationship between emotional intelligence and psychological distress among psychiatric nurses in Japan
1068	Oral	2/28	14:10-14:55	Health Promotion / Disease Prevention 1	O-21	Barriers to uptake of modern family planning methods among female youth of Temeke District in Dar Es Salaam, Tanzania: A qualitative study
1069	Oral	2/29	11:00-11:45	Interprofessional Collaborations	O-27	Supports for pediatric patients to cope with their medical treatments— case study of preparation and distraction provided by a Child Life Specialist
1070	Poster	2/29	11:00-11:30	Others	P2-261	Support to the terminal care of the dementia elderly person
1071	Poster	2/29	12:30-13:00	Innovations in Nursing Education	P2-12	Factors reduce nurses' difficulty in taking care of foreign patients in Japan
1072	Oral	2/28	12:00-12:45	Innovations in Nursing Education 1	O-3	Nursing students' motivation and needs for studying English in a university in Japan
1073	Poster	2/28	12:00-12:30	Interprofessional Collaborations	P1-3	Relationship between the factors of unlearning and interprofessional collaborative competency of senior clinical nurses
1074	Poster	2/28	13:30-14:00	Health Promotion / Disease Prevention	P1-148	Questionnaire survey for suitability assessment of educational comic booklet for preventing second-hand smoke for pregnant women at home
1075	Poster	2/29	12:30-13:00	Others	P2-258	A study on the importance of nursing for intractable neurological disease patients with dysesthesia

Abstract ID	Presentation Style	Data		Session	Abstract No	Title
1076	Poster	2/29	11:00-11:30	Health Promotion / Disease Prevention	P2-97	Support to maintain daily existence of the elderly living alone in Japan
1077	Poster	2/29	12:30-13:00	Health Promotion / Disease Prevention	P2-98	Confidence for Community Organization Activities and Related Experiences in Japanese Public Health Nurses
1078	Poster	2/29	12:30-13:00	Professional Issues	P2-168	Literature review of prescription of the nurses
1079	Poster	2/29	12:30-13:00	Others	P2-262	Reflective reports show peer-learning effects
1080	Poster	2/29	12:30-13:00	Nursing Coordination / Health Management	P2-200	Relationship between nutritional status and chief complaints of cancer patients undergoing outpatient chemotherapy – using the CONUT method –
1081	Poster	2/28	12:00-12:30	Nursing Coordination / Health Management	P1-247	Interaction effects of job strain and job crafting on psychological distress in nurses in Japan
1082	Poster	2/28	13:30-14:00	Research Methodology	P1-72	Decision-making and transformation for female cancer survivors
1083	Poster	2/29	11:00-11:30	Innovations in Nursing Education	P2-13	Evaluation of simulation education for nursing students focusing on distress symptoms in patients with cancer
1084	Poster	2/29	11:00-11:30	Others	P2-263	The experiences and understanding of dementia among community volunteers at a dementia caf?
1085	Poster	2/28	12:00-12:30	Health Promotion / Disease Prevention	P1-149	Evaluation of health education seminar for education of preconception care for female workers of reproductive age in Japan
1086	Poster	2/28	13:30-14:00	Innovations in Nursing Education	P1-20	Evaluation of the planned nursing training for post-operative patients in nursing
1087	Poster	2/29	11:00-11:30	Health Promotion / Disease Prevention	P2-99	Awareness and perception of preconception care among high school students in hilly and mountainous regions in Japan
1088	Poster	2/29	11:00-11:30	Nursing Coordination / Health Management	P2-201	The Discharge Support for Older Persons that Nurses at Inclusive Community Care Wards are Conscious of and Details of Its Implementation
1090	Poster	2/28	13:30-14:00	Diversity and Health	P1-228	Factors for Continuity of Driving by Elderly Men Living Alone in Villages at Risk of Disappearing
1091	Poster	2/28	13:30-14:00	Nursing Coordination / Health Management	P1-248	Aspects of self-management in patients with schizophrenia undergoing hemodialysis treatment by hospitalization
1093	Poster	2/28	12:00-12:30	Nursing Coordination / Health Management	P1-249	Characteristics of services provided by multifunctional long-term care in a small group home and home visit nursing : A Text-mining Approach
1094	Poster	2/29	12:30-13:00	Innovations in Nursing Education	P2-14	Practical Report on an educational program of Kanpo Medicine to Nursing Students
1095	Poster	2/29	12:30-13:00	Others	P2-264	Review of the literature on support for toileting independence provided to elderly care recipients
1096	Poster	2/28	13:30-14:00	Health Promotion / Disease Prevention	P1-150	Functioning of psychiatric daycare center users in Japan based on the Functioning Scale
1097	Poster	2/29	12:30-13:00	Innovations in Practice	P2-66	Verification of a DOTS default risk assessment checklist for Filipino tuberculosis patients living in Japan
1098	Oral	2/28	13:40-14:25	Safety Management / Quality Improvement 1	O-9	Study on the Structure of Nursing Competency in Feeding Assistance for Hemiplegic Patients in China
1099	Poster	2/28	13:30-14:00	Innovations in Practice	P1-100	Survey on how patients with diabetic nephropathy understand their body condition at the dialysis induction phase
1100	Poster	2/29	11:00-11:30	Innovations in Practice	P2-67	The feeling regarding bowel care for Japanese patients with spinal cord injury who opted for surgical therapy: a qualitative study
1101	Poster	2/28	12:00-12:30	Health Promotion / Disease Prevention	P1-151	An Education Program for Local Community Residents on How to Cultivate a Community Supporting Spirit in the Face of Bereavement
1102	Poster	2/29	11:00-11:30	Health Promotion / Disease Prevention	P2-101	Examination of the effect that reminiscence has on brain activity of the frontal lobe of elderly people
1103	Poster	2/28	13:30-14:00	Others	P1-314	HOPE of lung cancer patients on chemotherapy
1104	Oral	2/29	11:50-12:50	Innovations in Practice 1	O-32	Developing Disposable Hair Washing Pad for Bedridden Patients Using Mixed Methods Research
1105	Poster	2/28	12:00-12:30	Innovations in Practice	P1-101	Development of a competency list for public health nurses working at community general support centers
1106	Poster	2/28	13:30-14:00	Safety Management / Quality Improvement	P1-284	Development of a Scale for Measuring the Psychological Adjustment of Female Cancer Survivors –Study of reliability and validity–
1107	Poster	2/28	13:30-14:00	Innovations in Practice	P1-102	Establishment of a Make-up Appearance Care Improvement Mental State for Adult Female Patients with Chronic Disease
1108	Poster	2/29	12:30-13:00	Diversity and Health	P2-192	Culturally Sensitive Medical Care and Nursing Support: Perceptions of Complementary and Alternative Therapies among Foreign Visitors to Japan
1109	Poster	2/28	12:00-12:30	Innovations in Practice	P1-103	Initial grasp for child abuse prevention by neonatal intensive care certified nurses
1110	Poster	2/28	13:30-14:00	Health Emergency / Disaster Nursing	P1-294	Physical conditions faced by nurse managers in the Great East Japan Earthquake and tsunami
1111	Poster	2/28	12:00-12:30	Research Methodology	P1-73	Status Survey of Recognition among Care Workers concerning End-of-Life Care to Elderly People with Dementia in Their Daily Lives
1112	Poster	2/28	13:30-14:00	Health Promotion / Disease Prevention	P1-152	A community assessment of frailty prevention strategies using data on frailty checkups
1113	Poster	2/28	13:30-14:00	Nursing Coordination / Health Management	P1-250	An Examination of the Stability of the Self-Care Scale Factor Structure in Young Women with Menstrual Cramps through Multiple Group Analysis

Abstract ID	Presentation Style	Data		Session	Abstract No	Title
1114	Poster	2/28	12:00-12:30	Nursing Policy	P1-309	Examination of a proposal of a support program to aim at the balance of nursing work and care of family members by the nurses
1115	Poster	2/28	12:00-12:30	Diversity and Health	P1-229	The Psychological, Social Adaptation of Women with Primary Amenorrhea Accompanying DSD in Japan
1116	Poster	2/28	12:00-12:30	Others	P1-315	Grief Care: Content Analysis of "Farewell Letters" (2)
1117	Oral	2/28	12:50-14:05	Health Emergency / Disaster Nursing	O-16	Contextualizing Nursing Disasters Beyond Whiteness
1118	Poster	2/29	12:30-13:00	Innovations in Practice	P2-68	A phenomenological study of the involvement between patients with diabetes foot lesions and nurses – Focusing on interactions starting with the perception by nurses –
1119	Poster	2/28	13:30-14:00	Innovations in Practice	P1-104	Modification of a study program on a culturally sensitive recovery-oriented nursing care model in community psychiatric nursing after a pretest and interview survey
1120	Poster	2/28	12:00-12:30	Nursing Coordination / Health Management	P1-251	Coordinators' perception of difficulties faced by recipients, donors, and their families after living donor liver transplantation
1122	Poster	2/28	13:30-14:00	Professional Issues	P1-74	Investigating the relationship between an improvement in experience of ethical issues and competency of public health nurses in Japan
1123	Poster	2/28	13:30-14:00	Others	P1-316	End of Life Discussion with family among healthy elderly people.
1124	Poster	2/29	11:00-11:30	Professional Issues	P2-169	Paranoid delusions of the ICU by mechanically ventilated adults.
1125	Poster	2/28	12:00-12:30	Health Promotion / Disease Prevention	P1-153	Relationship between resilience and lifestyle of high school students
1126	Poster	2/28	13:30-14:00	Diversity and Health	P1-230	Long-term Hospitalized Patients' Process of Recovering their Sense of Self-worth as Members of Society and Factors that Help them Achieve Peace of Mind
1127	Poster	2/28	13:30-14:00	Health Promotion / Disease Prevention	P1-154	Nursing Care for the Chronic Kidney Disease Stage G3 to G5 Patients by Certified Nurses in Dialysis Nursing
1128	Poster	2/28	13:30-14:00	Nursing Coordination / Health Management	P1-252	Coordination of Activities of Daily Life in a Patient with Chronic Heart Failure Who Repeated Hospitalization and Discharge? Interpretation of Narrative by Hermeneutic Phenomenology
1129	Poster	2/28	12:00-12:30	Health Promotion / Disease Prevention	P1-155	Relationship between menstrual pain and coping strategies in Japanese high-school students and comparison with their mothers' and sisters' menstrual pain.
1130	Poster	2/29	11:00-11:30	Health Emergency / Disaster Nursing	P2-237	Support provided for outpatients to prepare for disasters – Analysis of free descriptions –
1131	Poster	2/28	12:00-12:30	Nursing Coordination / Health Management	P1-253	A basic survey of Japanese family caregivers of people with very severe disabilities
1132	Poster	2/28	12:00-12:30	Others	P1-317	Nurses' experiences on support for individuals with cognitive impairment in amyotrophic lateral sclerosis
1133	Poster	2/29	12:30-13:00	Health Promotion / Disease Prevention	P2-100	Developmental transition of bowel and voiding habits in early childhood; the integrated literature review
1134	Poster	2/28	13:30-14:00	Research Methodology	P1-62	Pain associated with heel lance in newborns by measuring evoked potentials in electroencephalography: A basic research study involving adults
1135	Poster	2/28	13:30-14:00	Others	P1-318	The Draw of Nursing Jobs Relative to Other Employment Types
1136	Poster	2/28	12:00-12:30	Innovations in Practice	P1-105	Autonomous nursing judgment by young home healthcare nurses during nursing practice in Japan
1137	Poster	2/29	12:30-13:00	Nursing Coordination / Health Management	P2-202	Factors influencing self-management behavior of kidney transplant recipients
1138	Poster	2/28	12:00-12:30	Innovations in Nursing Education	P1-21	What do nursing students at college know about Alzheimer's disease? Investigation in China and in Japan
1139	Poster	2/28	13:30-14:00	Health Promotion / Disease Prevention	P1-156	Nursing Interventions That Facilitate Relocation of Older Adults: Focusing on Reconciling Hopes with Reality
1140	Oral	2/29	11:00-11:45	Interprofessional Collaborations	O-28	Creating awareness of successful seating in the home life of a wheelchair user: an interview with a spinal cord injury sufferer
1141	Poster	2/28	12:00-12:30	Health Emergency / Disaster Nursing	P1-295	Exploring factors affecting dispatch nurses' self-efficacy after the Great East Japan Earthquake
1142	Poster	2/28	12:00-12:30	Health Promotion / Disease Prevention	P1-157	Relationship between treatment satisfaction in patients with diabetes and will power for self-care
1144	Poster	2/28	12:00-12:30	Others	P1-319	Attitudes among Mid-career Nursing Professionals towards Role Transition to Middle Management: Investigating Methods to Support Career Development in Middle Management
1145	Poster	2/28	13:30-14:00	Health Promotion / Disease Prevention	P1-158	The caregiver burden in Japanese informal home care for severe disabilities: a comparative study of caregiving for spouse and child
1146	Poster	2/29	11:00-11:30	Others	P2-265	The Difficulties Experienced by Visiting Nurses in Settings of End-of-life Decision Making
1147	Poster	2/28	12:00-12:30	Safety Management / Quality Improvement	P1-285	Differences in the risk of falls between individuals
1148	Poster	2/29	12:30-13:00	Safety Management / Quality Improvement	P2-224	Study on Evaluate Cultural Competence Trainig Program in Japan
1149	Poster	2/29	12:30-13:00	Health Promotion / Disease Prevention	P2-102	The current status and tasks of interdisciplinary case study meetings conducted by regional comprehensive support centers in Japan
1150	Poster	2/29	12:30-13:00	Others	P2-266	A Qualitative Study on Nursing Practice for Intractable Neurological Disease Patients with Dysesthesia
1151	Poster	2/28	13:30-14:00	Innovations in Nursing Education	P1-22	Effectiveness and Issues of adult nursing practice methods to promote students' thinking: Teaching patients how to practice on self-monitoring of blood glucose (SMBG)
