

Invited Lecture1

Thursday, November 20 10:35~11:05 Venue 8

「Intracorporeal anastomosis in robotic colorectal surgery」

Chair Seiichiro Yamamoto (Tokai University Hospital, Japan)

Speaker Mina Shen (China Medical University Hsinchu Hospital, Taiwan)

Invited Lecture2

Thursday, November 20 12:50~13:20 Venue 1

「Latest Advances and Future Directions in IBD: Precision Medicine」

Chair Akira Sugita (Yokohama Municipal Citizen's Hospital, Japan)

Speaker Stefan Schreiber (Department Medicine I,
University Hospital Schleswig-Holstein, Kiel University, Kiel German)

Invited Lecture3

Friday, November 21 09:50~10:20 Venue 5

「Cutting-Edge Anorectal Surgery: Multimodal Strategies, Sphincter Preservation, and Transanal Innovations」

Chair Shota Takano (Takano Hospital, Coloproctology Center, Japan)

Speaker Donglin N Ren (The Sixth Affiliated Hospital, Sun Yat-sen University, China)

International Symposium

Thursday, November 20 14:00~15:30 Venue 5

「State-of-the-Art Management of IBD: Integrating Medical and Surgical Strategies in Clinical Practice」

Chair Katsuyoshi Matsuoka (Division of Gastroenterology and Hepatology, Department of Internal Medicine, Toho University Sakura Medical Center, Japan)

Keisuke Hata (Toyoshima Endoscopy Clinic, Japan. Faculty of Medicine, The University of Tokyo, Japan.)

Evolution of Treatment Strategies in IBD: Past, Present, and Future

Speaker Stefan Schreiber (Department Medicine I, University Hospital Schleswig-Holstein, Kiel University, Kiel German)

Current Medical Management of IBD in the Era of Advanced Therapies

Speaker Shu Chen Wei (National Taiwan University)

Management of Crohn's Perianal Fistula: Indications, Timing, and Outcomes

Speaker Yong Sik Yoon (Asan Medical Center)

Challenges and Future Perspectives of Surgery for Ulcerative Colitis

Speaker Koji Okabayashi (Department of Gastrointestinal Surgery, Tokai University School of Medicine, Japan)

Symposium 5

Friday, November 21 08:30~09:45 Venue 5

「Recent advances in surgery for colorectal diseases」

Chair Kay Uehara (Department of Colorectal Surgery, Juntendo University, Japan)

Mina Shen (China Medical University Hsinchu Hospital)

Global benchmarks for minimally invasive right hemicolectomy for cancer

Speaker Daichi Kitaguchi (Department of Surgery, Institute of Medicine, University of Tsukuba, Japan)

Can Powered Circular Staplers Break the Stalemate of Anastomotic Leakage in Colorectal Cancer Surgery? A Meta-analysis of 3,301 Patients

Speaker Masatsune Shibutani (Department of Gastroenterological Surgery, Osaka Metropolitan University Graduate School of Medicine, Japan)

A novel technique; Single-Incision Plus One Robot-assisted Surgery(SIPORS)for colorectal cancer by Hugo RAS System

Speaker Takehito Yamamoto (Department of Surgery, Kyoto University, Japan)

Expanding the Boundaries of Minimally Invasive Surgery: Robotic Approach for cT4b Colorectal Cancer

Speaker Takahisa Hirokawa (Kariya Toyota General Hospital,. Japan)

Surgical Workflow Analysis Using AI-Based Object Recognition in Laparoscopic Colorectal Surgery

Speaker Yoshiko Bamba (Department of Surgery, Institute of Gastroenterology Tokyo Women's Medical University, Japan)

Symposium 7

Friday, November 21 10:25~11:40 Venue 5

「Gut Microbiota and Colorectal Diseases: A Future Unlocked by the Microbiome」

Chair Hiroto Miwa (Kawanishi City Medical Center, Japan)

Tomohisa Takagi (Molecular Gastroenterology and Hepatology, Graduate School of Medical Science, Kyoto Prefectural University of Medicine, Japan)

Special Remarks Akira Andoh (Kawanishi City Medical Center, Japan)

Right-sided Predominance of Primary Sclerosing Cholangitis-Associated Colitis: Insights from Gut Microbiota

Speaker Haruka Okada (Division of Gastroenterology and Hepatology, Department of Internal Medicine, Keio University School of Medicine, Japan)

Gut Microbiota Profiles in Reactive and Metastatic Lymphadenopathy in Colorectal Cancer

Speaker Toru Miyake (Department of Gastrointestinal and General Surgery, Shiga University of Medical Science, Japan)

Microbiome Determinants of Sustained Remission after Antibiotic-Preconditioned FMT in Ulcerative Colitis: A Prospective Multicenter Study with One-Year Follow-up

Speaker Sayaka Mizutani (Innovative Microbiome Therapy Research Center, Juntendo University Graduate School of Medicine, Japan)

Gut Microbiota Analysis for Predicting Clinical Relapse in Patients with Quiescent Ulcerative Colitis: Multivariate Analysis Using MaAsLin2 and Development of a Predictive Score

Speaker Hiroaki Kitae (Molecular Gastroenterology and Hepatology, Graduate School of Medical Science, Kyoto Prefectural University of Medicine, Japan)

Correlation between changes in intestinal microbiota and defecatory function before and after radical resection of right-sided colon cancer.

Speaker Sohei Akuta (Department of Gastrointestinal Surgery, Saitama Medical University International Medical Center, Japan)

Analysis of Inflammasome-Related Gene Variants in Colchicine-Responsive, MEFV Mutation-Negative Patients with Inflammatory Bowel Disease Unclassified

Speaker Kohei Wagatsuma (Division of Gastroenterology and Hepatology, Department of Internal Medicine, Sapporo Medical University School of Medicine, Japan)

Efficacy of Colchicine in Mild-to-Moderate Ulcerative Colitis and Identification of Treatment Response-Associated Molecular Profiles

Speaker Hiroki Kurumi (Division of Gastroenterology and Hepatology, Department of Internal Medicine, Sapporo Medical University School of Medicine, Japan)

Symposium 8

Friday, November 21 13:30~14:45 Venue 5

「Cutting edge of endoluminal/ transanal surgery for colorectal cancer」

Chair Kotaro Maeda (Himawari Seishinkai Izumi Clinic Medical Checkup Plaza, Japan)

Motohiko Kato (Center for Diagnostic and Therapeutic Endoscopy, Keio University School of Medicine, Japan)

Re-positioning of Endoscopic Ultrasonography in Determining the Treatment Strategy for Colorectal Cancer Suspected of Submucosal Invasion

Speaker Noriko Matsuura (Division of Research and Development for Minimally Invasive Treatment, Cancer Center, Keio University School of Medicine, Japan)

Efficacy and Safety of the Water Pressure Method in Colorectal ESD: A Retrospective Comparative Study

Speaker Yutaka Sato (Department of Gastroenterology, Oita University Faculty of Medicine, Japan)

Clinical Efficacy and Safety of Endoscopic Submucosal Dissection for Huge Rectal Tumors

Speaker Takashi Akutagawa (Department of Endoscopic Diagnostics and Therapeutics, Saga University Hospital, Japan)

Technical Innovations and Outcomes of Endoscopic Submucosal Dissection for Colorectal Lesions Involving Diverticula

Speaker Ryosuke Kobayashi (Gastroenterological Center, Yokohama City University Medical Center, Japan)

Dual-operator Endoscopic Tandem Surgery (DuETs) for large colorectal lesions: comparison with single-operator ESD

Speaker Takuma Okamura (Department of Gastroenterology and Hepatology, Nagasaki University Hospital, Japan)

Evaluation of the effectiveness of underwater colorectal ESD

Speaker Yuko Miura (Department of Gastroenterology, Graduate School of Medicine, The University of Tokyo, Japan)

Clinical Role of PAEM/ EID for pT1b Lower Rectal Cancer

Speaker Yu Maruyama (Department of Gastroenterology and Hepatology, Gunma University Graduate School of Medicine, Japan)

Feasibility of Peranal Endoscopic Myectomy for Lower Rectal Lesions: A Single-Center Prospective Observational Study

Speaker Takashi Kanesaka (Department of Gastrointestinal Oncology, Osaka International Cancer Institute, Japan)

Treatment Strategy for T1 Rectal Adenocarcinoma with Extensive Involvement of the Anal Canal: ESD or Surgical Resection?

Speaker Nobuhisa Minakata (Department of Gastroenterology, Kanagawa Cancer Center, Yokohama, Japan)

Efficacy and Safety of Collaborative Endoscopic and Surgical Treatment for Challenging Colorectal Neoplasms

Speaker Hidehito Maeda (Department of Digestive and Lifestyle Diseases, Kagoshima University Graduate School of Medical and Dental Sciences, Japan)

JSCP-KSCP Symposium1

Thursday, November 20 8:30~9:50 Venue 5

「Which Procedure for Which Patient?」

Chair Soon Sup CHUNG (Ewha Womans University, Korea)

Toshiki MIMURA (Jichi Medical University Hospital, Japan)

Stapled Hemorrhoidopexy: Korean Style

Speaker Jihoi KOO (Songdo General Surgery, Korea)

Pocket Dissection for Minimally Invasive Hemorrhoid Surgery

Speaker Katsuhisa OHASHI (OHASHI Clinic, Japan)

How to Deal with Unusual Anal Disease

Speaker Woo Jung NAM (Seoul Song Do Hospital, Korea)

Physiologic Testing in the Management of Fecal Incontinence and Low Anterior Resection Syndrome (LARS)

Speaker Yuji NISHIZAWA (National Cancer Center Hospital East, Japan)

JSCP-KSCP Symposium2

Thursday, November 20 9:50~11:10 Venue 5

「Precision & Extent: The Evolving Standard of Colon Cancer Surgery」

Chair Gyu-Seog CHOI (Kyungpook National University, Korea)

Ichiro TAKEMASA (Osaka International Medical and Science Center, Japan)

T1 Colon Cancer Treatment Strategy after EMR or ESD

Speaker Rumi SHIN (Seoul National University, Korea)

Which is the Optimal Approach for Advanced Transverse Colon Cancer, Transverse Colectomy or Extended Right Hemicolectomy?

Speaker Tomonori AKAGI (Oita University Hospital, Japan)

Laparoscopic Approach for T4 Colon Cancer Revisited

Speaker Byung Soh MIN (Yonsei University, Korea)

Robotic Colon Cancer Surgery Using Various Type of Robotic Surgical System

Speaker Yasumitsu HIRANO (Saitama Medical University International Medical Center, Japan)

ESCP Fellowship

Thursday, November 20 12:50~13:10 Venue 5

Chair Ichiro Takemasa (Osaka International Medical and Science Center, Japan)

Stage II and III Rectal Cancers Selected by Precision MRI Can Be Safely Managed with Upfront Total Mesorectal Excision Without Neoadjuvant Therapy

Speaker José Gonçalves Moreira de Azevedo (Digestive Unit, Champalimaud Clinical Center, Champalimaud Foundation, Lisbon Portuga, Faculty of Medicine, University of Lisbon)

ASCRS Fellowship

Thursday, November 20 13:20~13:40 Venue 5

Chair Ichiro Takemasa (Osaka International Medical and Science Center, Japan)

Speaker Despoina Kanata

International Session

Thursday, November 20 12:50~13:35 Venue 9

「Surgical Management of Severe Anorectal and Pelvic Infections」

Predisposing Factors and Clinical Outcomes of Patients with Fournier's Gangrene in a Government Tertiary Hospital

Speaker Ernes John Castro (Section of Colorectal Surgery, Batangas Medical Center, Philippines)

Successful Management of Extensive Perianal Necrotizing Fasciitis with Mediastinal Involvement Using Single Radical Debridement: A Case Report

Speaker Haoyan Li (Colorectal Surgery, The Affiliated TCM Hospital of Guangzhou Medical University, China)

From the Perspective of Whole-course Surgical Management: Debridement Strategies and Integrated Functional and Cosmetic Reconstruction for Perianal Necrotizing Fasciitis

Speaker Ziwen Wang (Department of Coloproctology, The Affiliated Guangzhou Hospital of TCM of Guangzhou University of Chinese Medicine, China)

Retroperitoneal Necrotizing Fasciitis Extending to the Para-esophageal Space after Procedure for Prolapse and Hemorrhoids (PPH)

Speaker Zhiyin Deng (Department of Proctology, The Affiliated Guangzhou Hospital of Traditional Chinese Medicine of Guangzhou University of Chinese Medicine, China)

A Case of Necrotizing Fasciitis Caused by Penetration of a Sigmoid Diverticulum Treated with Surgery and NPWT

Speaker Haruka Kanai (Department of Surgery, Tokyo Shinagawa Hospital, Japan)

International Session

Thursday, November 20 13:40~14:30 Venue 9

「Surgical management of colorectal cancers」

Determinants of Low Anterior Resection Syndrome: Impact of Surgical Technique and Chemotherapy in Rectal Cancer — A Single-Center Study

Speaker Alan Jasqui Bucay (Hospital General de México, Mexico)

Oncologic Outcomes of the Watch-and-Wait Strategy for Locally Advanced Rectal Cancer: Experience from a Tertiary Care University Hospital in Thailand

Speaker Khamin Kunkrachang (Colorectal surgery Unit , Division of General Surgery ,Department of Surgery, Faculty of Medicine Siriraj Hospital, Bangkok, Thailand)

Is there a preferred management option for malignant large bowel obstruction secondary to colorectal cancer: A systematic review and meta-analysis between colonic stents as a bridge to surgery versus emergency surgery.

Speaker Amos Nepacina Liew (Department of Colorectal Surgery, Monash Health, Australia)

Advances in Surgical Management of Rectal Cancer: Fascia-Guided Robotic Upfront Mesorectal Excision

Speaker Masakatsu Numata (Department of Surgery, Gastroenterological Surgery, Yokohama City University Medical Center, Japan)

New Developments in Minimally Invasive Surgery for Colon Cancer: Outcomes and Future Challenges of Intracorporeal Anastomosis

Speaker Hiroyoshi Iwata (Division of Gastroenterological and Transplant Surgery, Department of Surgery, Asahikawa Medical University, Japan)

The Impact of Low Anterior Resection Syndrome on Quality of Life After Hartmann Reversal

Speaker Shiki Fujino (Department of surgery, Itami City Hospital, Japan)

International Session

Thursday, November 20 14:35~15:25 Venue 9

「Rare situations and challenging surgeries」

Post-Immunotherapy Bowel Obstruction in MSI-H Colorectal Cancer: A Case Report and Scoping Review of Predictive Factors

Speaker (Colorectal Unit, Gosford Hospital, Australia)

SYNCHRONOUS COLORECTAL CANCER: A FIVE-CASE SERIES AND LITERATURE REVIEW

Speaker Khang Tran (Department of Oncology, Chau Doc General hospital, Vietnam)

Laparoscopic Colectomy for Traumatic Colon Injury: A Case Series of Minimally Invasive Management

Speaker Hyunseok Jang (Division of Trauma, Department of Surgery, Chonnam National University Medical School and Hospital, Republic of Korea)

Burkitt lymphoma presenting as intestinal obstruction in a patient with long-standing indolent squamous cell carcinoma: a case report on a diagnostic pitfall in surgical oncology

Speaker Jaram Lee (Department of surgery, Chonnam national university hwasun hosipital, Republic of Korea)

Clinicopathological Factors Associated with Lymph Node Metastasis and Surgical Implications in Rectal Neuroendocrine Tumors

Speaker Takashi Okumura (Department of Digestive Surgery, Kagoshima University, Japan)

Clinical outcomes of surgery for multiple synchronous colorectal cancers

Speaker Genta Sawada (Department of Surgery, Itami City Hospital, Japan)

International Session

Friday, November 21 08:30~09:15 Venue 9

「Surgical Management and Functional Preservation in Anorectal and Pelvic Floor Diseases」

A Thrombosed Perianal Tubular Lesion Presenting as an Abscess: A Diagnostic and Surgical Dilemma

Speaker Aynur Safiyeva (Central Customs Hospital, Baku , Azerbaijan, General Surgery Department, Azerbaijan)

Efficacy and safety of microfragmented autologous adipose tissue transplantation for perianal fistulas in Crohn's disease (ATTIC): a phase 3 multicenter randomized controlled trial

Speaker Silvio Laureti (Experimental Proctology, Department of Medical and Surgical Sciences, University of Bologna, IRCCS Azienda Ospedaliero-Universitaria di Bologna, Bologna, Italy)

Clinical Study on Modified LIFT Procedure for the Treatment of Transsphincteric Anal Fistula

Speaker Leichang Zhang (Department of Anorectal Surgery, The Affiliated Hospital of Jiangxi University of Chinese Medicine, Nanchang, China)

Clinical Outcomes of LIFT, TROPIS, and Augmented LIFT for Complex Anal Fistula

Speaker Pohsien Wu (Division of Colon and Rectal Surgery, Department of Surgery, Tri-Service General Hospital, National Defense Medical University, Taipei, Taiwan)

Chen's Modified Ventral Rectopexy Using Non-absorbable Sutures: A Case Report

Speaker Jingkai Wang (Department of Colorectal Surgery, Affiliated Traditional Chinese Medicine Hospital of Guangzhou Medical University, China)

International Session

Friday, November 21 09:20~10:10 Venue 9

「Emerging strategies for colorectal diseases」

Colonoscopy as a Cornerstone in the Diagnosis and Management of Colorectal Polyps

Speaker Aynur Safiyeva (Central Customs Hospital, Baku , Azerbaijan, General Surgery Department, Azerbaijan)

Yellow Enhancement Mode Improves Vascular Visualization in Laparoscopic Colorectal Surgery: Quantitative Image Analysis and Implications for Surgical Education

Speaker Kohei Shigeta (Department of Surgery, Keio University School of Medicine, Japan)

Can Local AI Match the Surgeon? A Pilot Study of Five AI Models in Colorectal Cancer Operative Decision-Making

Speaker Takeshi Yanagita (Department of Surgery, Shonan Fujisawa Tokushukai Hospital, Japan)

Relationship between the location of initial tumors and the prevalences of metachronous tumors in colonoscopic surveillance

Speaker Seiji Kimura (Division of Gastroenterology and Endoscopy, Aomori Rousai Hospital, Japan)

Clinical impact of a multiplex gastrointestinal pathogen panel for rapid diagnosis of infectious enteritis in hospitalized patients

Speaker Tomomi Yajima (Department of Surgery, Sapporo Dohto Hospital, Japan)

A surgical case report of transverse colon cancer with lymph node metastasis invading into the superior mesenteric vein

Speaker Takahiro Amano (Department of Surgery, Suwa Red Cross Hospital, Japan)
